

# 2008 NBL PLAYER MEMBERSHIP

## HOW THE NBL WORKS

The National Blackbelt League (NBL) is the only international sport karate league based upon a series of open tournaments which rate and qualify blackbelt level players to become official sport karate world champions at a year-end championship called the "Super Grands World Games". NBL ratings are free (no membership fee) to all players who attend and place in NBL divisions at NBL tournaments. NBL tournaments have divisions for all ranks. Every NBL tournament is also sanctioned "AAA" with Sport Karate International (SKIL) Ratings (which rates both blackbelts and under blackbelts), so all ranks following SKIL can get the most points by competing in NBL tournaments (see SKIL ratings information in the back of any *Sport Karate Magazine* or Section 3 of any *SKITA Handbook*).

The NBL ensures true world championship status to players of the sport by a unique system of conference competition leading up to the Super Grands to crown each year's world champions. Each NBL regional conference consists of large sectioned areas of a continent and may have up to one (1) tournament per month during this season for a maximum of six (6) tournaments per conference per season. There are also four (4) national conferences which consist of up to six (6) of the regional conferences' largest tournaments. These national conferences are for individuals and teams that want a variety of competition by traveling to different areas, instead of just one regional area, and for those who want to earn a higher seeded position for the Super Grands. The competition in each of the conferences is a points race within that conference, and competitors are rated in *Sport Karate Magazine* during those months of competition.

An NBL Conference Commissioner attends each conference tournament to represent the NBL, evaluate the tournament and process the players' results. An NBL Rules Arbitrator also attends each tournament to conduct the rules meeting, direct the Center Referees and render all final decisions regarding rules of play and penalties according to SKITA rules.

As a player, your participation in the NBL will provide the best recognition at an affordable cost to achieve true sport karate world championship status. We hope to see you as part of NBL this season.

## HOW TO QUALIFY FOR THE NBL SUPER GRANDS WORLD GAMES

- TOURNAMENT SEASON** - The NBL tournament season to earn rating points and qualify for world title competition runs from February through September.
- GETTING RATED** - When you compete in NBL tournaments you will automatically receive points for any NBL divisional win up to eight (8) places [top four (4) for NBL 10 point sanctioned tournaments]. These points will count toward the corresponding division(s) that the NBL rates, however these points will only count in the ratings of the NBL conference(s) that the tournament is part of. Ratings are published on our website (nblskil.com) starting June 1 and in the July-October (appearing June 1) and the final standings in the November-February (appearing in October) editions of *Sport Karate Magazine* (SMASH). At the end of the NBL season competitors placing within the top five (5) NBL rated positions in any of the NBL rated divisions of any conference will automatically qualify to compete at and be seeded according to this placement at the Super Grands World Games. The higher a competitor's rating, the higher their seeded

positioning in the double eliminations at the Super Grands. National conference rated players get preferred placement (forms) or byes (sparring), if any, in each round. (See Appendix O and P of a SKITA Handbook). A competitor can enter the NBL Super Grands as a seeded player representing any conference(s) that he/she is rated in at the end of the season. He/she may compete in as many divisions at the Super Grands that he/she qualifies for (see "Wild Card Seeding" below). Qualifying competitors will be notified by mail in October and their names shall appear in the final ratings in the November-February edition of *Sport Karate Magazine*, which comes out in October.

- DIVISIONS** - For 2008, the NBL will rate 113 standard divisions for juniors, adults and seniors, as listed below. The Super Grands has the same 113 divisions to determine the world champions of each division. All NBL national and some regional conference tournaments have the standard 113 rated divisions. Some of the regional conference tournament have a scaled down version of 60 or more divisions. Players may compete in as many different divisions at a tournament as they qualify for and wish to enter.
- RATINGS VERIFICATION / ERRORS** - Verification for final ratings (Ratings in Nov-Feb issue - appearing after October 1) and errors in prior published standings must be done by point chart and must be received by the NBL between September 1 and September 30. A player that wants any errors corrected after that date will be charged \$25 per change. (See SKIL/NBL point chart in the back of any *Sport Karate Magazine* or Section 3 of any *SKITA Handbook*).
- WILD CARD SEEDING** - The Super Grands also offers wild card seeding for each title division. This is a run-off between all non-rated players who elect to compete in a pre-run-off at the Super Grands immediately before each division starts. This is open competition for any player. The winner earns a fifth place (last place) seed for Super Grands eliminations play, which immediately follows the wild card run-off.
- COMPETITORS' AGES** - Competitors can only compete in their proper age division. NBL players must enter divisions based upon the age they were on January 1 at 12:00 a.m. at all NBL tournaments and the Super Grands excepting that players who will be turning 18, 35 or 45 during the circuit season are allowed to move up and compete in those divisions starting at the beginning of the season, or may compete at the same age all season that they were on the first day the season started - see SKITA rule book V.B.4.
- RULES** - The Super Grands and most NBL tournaments follow Sport Karate International Tournament Alliance Rules. (See the latest edition of the *SKITA Handbook* or website (nblskil.com) and click on SKITA.)
- SUPER GRANDS WORLD GAMES** - The Super Grands is a six (6) day tournament held in November, December or January in a different world class location each year. It is held simultaneously with the Sport Karate Amateur Internationals, which is the final championship for Sport Karate International (SKIL) rated players for both blackbelts and under blackbelts. The Super Grands is a closed competition that is only open to seeded players, or those players winning a wild card position at the tournament. Championship awards in each division include the NBL World Championship blackbelts and the coveted specially-struck world champion gold rings. Over-sized certificate plaques are awarded for the Sport Karate Amateur Internationals champions. The Super Grands World Games/Sport Karate Amateur Internationals ends with the NBL and Sport Karate International Awards Banquet. The NBL Super Grands World Games champions and Sport Karate Amateur Internationals champions are featured in the March/May edition (appearing February 1) of *Sport Karate Magazine* each year.

### NBL HALL OF FAME AWARDS

- CONFERENCE HALL OF FAME AWARDS** - The junior and adult top point winners of each NBL conference are awarded with induction into the NBL Hall of Fame (HOF) and receive their award plaques at the Sport Karate International Awards Banquet at the Super Grands each year. The awards are determined by a total of points earned in divisions in that conference by the player. To be eligible the conference must have, and player must attend, two (2) or more NBL tournaments in the conference. The adult HOF can be won by either an adult (18+) player or a senior (35+ or 45+) player, but seniors will only have adult (18+) divisional points used toward their total. However a senior's point total will have substituted any senior (35+ or 45+) division for any single equivalent adult division if their points are higher in the senior division. Men's and senior totals will include hard creative or a hard musical forms division, whichever is higher, but not both. Ties will be broken by giving the win to the tied player with the most first place conference wins from the divisions allowed to be used for their point totals. If still tied it will be broken by giving the win to the player with the most second place wins, etc.
- EXECUTIVE HALL OF FAME AWARDS** - HOF awards for executives are chosen by the NBL executive office based upon dedication to the NBL. These awards include: promoter, tournament, commissioner, arbitrator, official, woman, man, photo-journalist and conference of the year. They receive their award plaques at the Sport Karate International Awards Banquet at the Super Grands.
- SUPER GRANDS HALL OF FAME AWARDS** - The NBL Super Grands Hall of Fame players' awards are determined by the most points obtained in Super Grands competition by a player that competes as a blackbelt. Players receive 3 points for 1st place, 2 points for 2nd place, 1 point for 3rd. The awards categories include junior male and female rookie and competitor of the year (4), adult male and female rookie and competitor of the year (4), and team of the year and runner-up team of the year (2). (Rookie refers to a player's first year in NBL competition at the Super Grands and is not affected by a prior year's competition as an under blackbelt in an NBL division that allowed underblackbelt players to compete if they didn't wear a belt. An adult HOF can be won by either an adult (18+) player or a senior (35+ or 45+)

player, but seniors will only have adult (18+) divisional placements used toward their total. However a senior's point total from their wins will have substituted any senior (35+ or 45+) divisional wins for any single equivalent adult division if their placement was higher in the senior division. The team award does not include points from team sparring, unless the sparring team was registered with their team name. If that is the case and if the team places in the top three (3) positions, then the team gets 3, 2 or 1 point toward its tally, depending upon the place it took. Ties are broken by the 4th to 8th place wins. Winners' notifications and Hall of Fame plaques are sent by mail.

### TOP 25 SPORT KARATE SCHOOLS IN THE WORLD AWARDS

Based upon students' wins at both the Super Grands World Games and Sport Karate Amateur Internationals, the top 25 karate schools are announced in the first issue of *Sport Karate Magazine* after the Super Grands each year. Each of the winning schools will also receive an official letter from the Sport Karate International executive offices verifying their accomplishment, which they can submit to various media in their area for exposure and due recognition. The point structure in determining the top 25 schools is as follows. Super Grands and Amateur Internationals: 1st place - 3 points, 2nd - 2, 3rd - 1. The school award tallies do not include points from team competition. Only students who are members of and train at a school, and who legitimately indicate so (including the school's instructor) on the reverse of their player's card at the Super Grands/Amateur Internationals will count toward that school's tally to win. The top schools will be sent a Hall of Fame plaque after the Super Grands.

NOTE: For any award which involves tallying of points, it is advisable that the individuals or groups concerned give us their tally of points well before the Super Grands (or within two (2) weeks after the Super Grands/Amateur Internationals for Super Grands Hall of Fame and Top 25 Sport Karate School Awards). Once we announce or print a Hall of Fame award winner, we probably will not be able to change it even if an error is found.

# SKIL PLAYER MEMBERSHIP

## HOW THE SKIL RATINGS WORK

Sport Karate International (SKIL) rates both blackbelts and under blackbelts. A SKIL member may compete at and earn points at any karate tournament that is sanctioned by SKIL. A member who places in the top three places at a C sanctioned event or top four places at B, BB, or BBB sanctioned events or the top eight places at A, AA or AAA sanctioned events receives points toward their rating. A member can accumulate points in sparring, forms, weapons, and self defense. We do not rate grand championships, breaking and team sparring competition. The player's ratings are published in *Sport Karate Magazine - SMASH*, three (3) times a year, February 1st, June 1st and the final ratings in the October issue.

When a player joins SKIL Ratings, he/she may back track to the beginning of the season (July 1) and credit him/herself for any points he/she has earned at those previously SKIL sanctioned tournaments. It is the responsibility of the member to tally his/her rating points on an official SKIL / NBL point chart and send it in according to the chart instructions and deadline dates.

A player can only earn points at tournaments that have officially been sanctioned with SKIL despite what may be printed on a tournament brochure or elsewhere. Official SKIL sanctioned tournaments are included in the tournament listings in the back of *Sport Karate Magazine*. Any tournament claiming to be sanctioned by SKIL but not listed in the magazine can only be verified by phoning SKIL executive offices.

The season begins July 1 of one year, and ends June 30 of the following year. A member can retain his/her eight (8) highest scores from the tournaments he/she has competed in for each division during the season. By using this system to obtain rating points, a competitor is rated more by his/her ability of performance than by the quantity of tournaments that he/she attends. This helps cut down on the "burn out" factor of tournament competition and reduces the cost of being rated.

## HOW TO QUALIFY FOR THE SKIL AMATEUR INTERNATIONALS

The SKIL Amateur Internationals determines, through head-to-head competition, true international amateur sport karate champions. The tournament is open to anyone regardless of SKIL membership, however all Sport Karate International (SKIL) rated members will be eligible to be seeded (placed into a preferred position of competition) if they preregister for the event. Seeding is explained in the Sport Karate International Tournament Alliance (SKITA) Rulebook ([www.nblskil.com](http://www.nblskil.com)). The SKIL Amateur Internationals is held after the end of each year's competition season in November, December or January. This event is held at the same location and same weekend as the National Blackbelt League's (NBL) Super Grands World Games.

The event coincides with the NBL and SKIL Sport Karate Banquet. Each year the NBL Super Grands World Games and the Amateur Internationals moves to a different city throughout the world.

# MEMBRECIA DE RATING SKIL

## COMO FUNCIONA SKIL RATINGS

Sport Karate International (SKIL) rankea cintas negras y grados menores. Un miembro SKIL puede competir y ganar puntos en cualquier torneo de karate que este sancionado por SKIL. Un miembro que se coloca en los tres primeros lugares en un torneo con clasificación C o los cuatro primeros lugares, en un torneo con clasificación B, BB, or BBB o los primeros ocho lugares en un torneo con clasificación A, AA or AAA recibe puntos para su rating. Un miembro puede acumular puntos en combate, formas, armas y defensa personal. No otorgamos puntos por gran campeón, rompimientos y combate por equipos. Los ratings son publicados en la revista *Sport Karate Magazine - SMASH*, cuatro (4) veces al año, Febrero 1, Mayo 1, Agosto 1, y el rating final en Octubre.

Cuando te unes a SKIL ratings, debes anotar los puntos que hayas ganado en los torneos previos con sancionamiento SKIL, desde el inicio de la temporada (Julio 1). Es responsabilidad del miembro el actualizar sus puntos totales en su hoja de puntuación oficial SKIL/NBL y enviarla de acuerdo a las instrucciones y dentro del tiempo limite.

Un competidor solo puede ganar puntos en los torneos que han sido oficialmente sancionados con SKIL sin importar lo que tengan impreso en sus convocatorias o en cualquier otro lugar. La lista oficial de sancionamiento SKIL esta incluida en la lista de torneos de la revista *Sport Karate Magazine*. Cualquier torneo que mencione estar sancionado por SKIL, pero no aparezca en la lista de la revista puede ser verificado sólo llamando por teléfono a las oficinas de SKIL.

La temporada inicia el 1 de julio, y finaliza el 30 de junio de el siguiente año. Un miembro retendrá sus ocho (8) más altas puntuaciones de los torneos en que ha competido por cada división durante la temporada. Usando este sistema de obtención de puntos, un competidor es clasificado más por su desempeño, que por la cantidad de torneos a los que haya asistido. Esto ayuda a recortar y disminuir el factor de torneos e involucra a muchos más competidores al reducir gratamente el factor costo.

## COMO CLASIFICARSE PARA LOS SKIL AMATEUR INTERNATIONALS

Los Mundiales Amateur Internationals determinan, a través de una competencia frente a frente, a los verdaderos campeones mundiales amateurs del deporte del karate. Este torneo esta abierto a cualquiera, aún sin ser miembro de SKIL, sin embargo, todos los miembros clasificados de Sport Karate International (SKIL) serán elegibles para competir y ser colocados (en una posición preferente de competencia) si se preregistran para el evento. Los SKIL Amateur Internationals se realiza al final de la temporada anual, en los meses de noviembre, diciembre o enero. Este evento es realizado en el mismo lugar y en el mismo fin de semana que los juegos mundiales Super Grands de la National Blackbelt League's (NBL).

Este evento coincide con el banquete de la NBL y la SKIL Sport Karate. Cada año los Super Grands Juegos Mundiales y los Amateur Internationals se realizan en diferentes ciudades del mundo.
