- ( ) 2. **PROCESS** - The weigh-in should be the morning of the event, with a promoter's option of being the day before. A player need not be weighed again under protest as the player's weight could conceivably have changed since being weighed in originally that day or the day before. However, if sufficient evidence warrants that the player's weight was incorrectly arrived at, then the Arbitrator may, at his discretion, ask for that player to be re-weighed and may determine, in his own judgment, if any foul play took place.

( ) **PENALTY** - A player who does not weigh-in before the close of a division or has falsified his/her weight will be disqualified.

SG/AM ONLY

( ) **PENALTY** - A player caught intentionally falsifying his/her weight will be subject to scrutiny of the league for possible suspension.

In the first round only, players from the same school will not be paired against each other if it can be avoided without changing the byes that were chosen and if any same school match-up is brought to the attention of the Center Referee before the match begins. In all rounds, players from the same country shall not be paired against each other if there is an opponent from another country to be paired against, unless there is double eliminations and the player has been paired against every other player once. The same country match-up must be brought to the attention of the Center Referee before the match begins. At the discretion of the Center Referee, matches may also be paired by height. The pairing of matches and order of performance in all rounds may be determined by luck of the draw, rather than a charted system (See APPENDIX K).

  - **Error Discovered after Completion of First Round** - The player will be paired against any randomly selected remaining players (Player A), with the winner of that match assuming the position that Player A was originally chosen for.

## VII. RULES OF PLAY:

### A. PERFORMANCE

- ( ) 1. **READINESS** - (same as forms)
- ( ) 2. **PRESENTATION** - When called "on deck", the player should stand near the entrance side of the ring and prepare himself for the next contest. When called "up", the player will enter the ring and stand with toes on the starting line and face the opponent that is on the other line. On the Center Referee's command, both players will bow to him/her, then to each other and then assume their "guard position", keeping the toes of at least their lead foot on their starting line.
- ( ) 3. **TIME LIMIT** - Time limit of the match will be two (2) minutes running time (excluding any "stop time" made by the Center Referee). Only the Center Referee can stop the time, or adjust the time and only the Center Referee (not the Timekeeper) at the direction of the Timekeeper can officially call an end to the match due to the time limit expiring. The Center Referee officially ends the match when the time limit expires by yelling "stop" and saying, "Time has expired" or by blowing his whistle with one short blow. If a Center referee or Scorekeeper neglects to have the time clock stopped when time out is called during an arbitration, equipment adjustment or during player medical attention then the Center Referee must require that the estimated amount of time loss be put back onto the clock.
- ( ) 4. **BOWING OUT** - Bowing out to an opponent for any reason is allowed without penalty. The player must be in attendance to bow out. The player bowing out will be recorded as the loser of the match.

This coach may only enter the playing ring when a medical doctor is called for an injury, or when an arbitration is officially called and he/she has permission by the Center Referee or Arbitrator. The coach cannot enter the playing ring to coach or to make player equipment adjustments. He must coach from his box. The coach cannot use over aggressive or foul language but may command verbal suggestions to his player during any part of the match except when play is stopped and the opponent is not able to be equally coached because their attention must be focused on something other than play. Examples include injury, equipment adjustment or when an official is talking to one of the players. No other players or spectators may be in this box or within three (3) feet of the ring or coaches' box boundaries. The tournament may require a fee not exceeding \$15 for a coach to use the coaches' box or to obtain a coaches pass and will restrict the coach that purchases same to sparring divisions only. Anyone in an appropriately designated spectator area may shout commands to a player or cheer the player on in an orderly fashion.
- ( ) **PENALTY** - A player who allows himself to be coached by the coach who is in the coaches box is subject to penalty points caused by the coaches'

behavior. If his coach enters the playing floor illegally, uses over aggressive or foul language or has other team members that gather in the coaches' box or within three (3) feet of the ring border or is being coached when the opponent cannot also be coached equally because their attention must be focused else where, will have one penalty point awarded to his/her opponent by the Center Referee for each and every offense.

- ( ) **11. COMMANDS** -
  - **To begin** : Upon the command to "start" - and after the Center Referee takes his/her hand off the player's shoulders, the players may move anywhere within the ring in order to score upon each other.
  - **To Stop** - Upon the command to "stop" or "break" or a short blow of the whistle, the players must cease action of play and return to their starting positions behind their respective lines.
- ( ) **12. TIME OUT** - A player or a coach may call one (1) time out for up to ten (10) seconds for coaching per match if the match is already stopped. If the player can't get the attention of the Center Referee to ask for a timeout then he/she should ask a Corner Referee or the score keeper to get the Center Referee for him/her.
- ( ) **13. HITTING AFTER THE CALL** - A player must refrain from play at the Center Referee's call to "stop" (break) or short blow of the whistle.

Sweeps and takedowns may be executed with either the front or back leg to the back or side of the opponent's lower (below the knee) front leg only. Legality of sweeps are not determined by floor surface. All techniques must be focused (the player must make and keep eye contact to the area that he is making contact to or striking towards, before the completion of the technique).
- ( ) **2. ILLEGAL TECHNIQUES** - Techniques not allowed include head butts, hair pulls, biting, scratching, spear hands, palm heel strikes, all open hand techniques (other than knife hands and ridge hands), blind techniques, elbow strikes, knee strikes, throws, takedowns (other than from a legal sweep), sweeps (other than defined as legal) and jumping on or kicking to the head of a downed opponent.

  - **No Contact** - No contact to the opponent as a result of the technique. Technique must be within a four (4) inch zone of the targeted area to be considered a point.
  - **Light** - No penetration or movement of the opponent as a result of the techniques. Just a touch. No blood can be drawn.
  - **Moderate** - Slight penetration or movement of the opponent as a result of the technique. No blood can be drawn.

  - **Face** - Facial area includes eyes, nose, mouth, jaw and cheeks (not ears).
- ( ) **2a AMOUNT OF CONTACT TO SCORE**
  - All junior and adult ranks must use either light or no contact (the individual player's option) to score to any head scoring areas (and the groin if it is a scoring area) and light or moderate contact to score to body scoring areas.
- ( ) **2b AMOUNT OF CONTACT TO SCORE**
  - Blackbelts (or any division with blackbelts allowed in it) must use either light or no contact (the individual player's option) to score to any head scoring areas (and the groin if it is a scoring area), and light or moderate contact to score to body scoring areas.

- ( ) **PENALTY** - A player using excessive contact to a scoring or non-scoring area will, with a majority vote of the Judges, be disqualified and declared the loser of that match only. The disqualification will not prevent the player from continuing in any further run-off for third and fourth place positions as long as his disqualification wasn't for malicious contact or poor sportsmanship. If both players are simultaneously disqualified for excessive contact then the player in the next round that the winner would have been paired with, gets an automatic win. If both players are simultaneously disqualified for excessive contact and were fighting for either first and second place or third and fourth place then the match shall resume until a winner is decided.
- \*NOTE : A Judge does not have to see the actual contact to penalize or disqualify a player for contact (including the drawing of blood) if they feel sufficient evidence warrants the call. Furthermore, a Center Referee will call for a penalty point and/or disqualification call at any time after a questionable contact has been made, despite whether the match was continued or not and the Judges may change their call from a previous call if they feel that the evidence warrants it.
- \*NOTE: In the case of the tournament's insurance liability not allowing face

contact, the face will become a no contact point area, with no penalty for accidental light face touch.

SG ONLY

( ) **4. EYEGLASSES** - Eyeglasses - Eyeglasses must be removed or be covered by a sufficient protective device manufactured for sparring that still allows unrestricted vision. The eyes then become a "Face Protection Gear" area.

( ) **5. FAULT OF CONTACT** - Any player attempting to score upon another player will be at fault for any illegal contact, despite whether the other player's movement(s) caused the action to be illegal or not (i.e. running into a punch, turning one's back, being kicked or punched to an illegal back area, etc.)

## F. SCORING BY POINTS AND PENALTIES

(NOTE: Option 06-2a cannot be used with option 07-5b).

06-2b or

( ) **2b SCORING OF POINTS** - One (1) point is awarded to a player for any legal technique by a majority vote of the Judges.

06-2c

( ) **2c SCORING OF POINTS** - One (1) point is awarded to a player for scoring a hand technique and two (2) points are awarded to a player for scoring a kicking technique by a majority vote of the Judges. (If groin is a scoring area, a kick to the groin is only one (1) point.) (Only one (1) point can be awarded for a kicking technique on a downed opponent or the downed opponent upon the other player.) (NOTE : Option 06-2c cannot be used with option 07-5b.)

( ) **3. SCORING BY PENALTIES** - A one (1) point penalty can be awarded to a player by a majority vote of the Judges, or in some cases by the Center Referee alone. (See APPENDIX - C for quick reference)

( ) **4. SCORING BY BOTH A POINT AND A PENALTY** - A point(s) may be awarded to one player and a penalty to the other, thereby giving one player two possibilities of scoring at the same time.

In divisions that do not include blackbelts, the first player to three (3) points, or whichever player is ahead at the end of two (2) minutes playing time, will be the declared the winner. (NOTE: Option 06-5b cannot be used with option 07-2a or 07-2c)

07-5c

( ) **5c AMOUNT OF POINTS TO WIN** - The first player to obtain five (5) points, or whoever is ahead at the end of two (2) minutes playing time, will be declared the winner.

( ) **6. DISQUALIFICATION** - In all cases of disqualification in sparring divisions, the player will receive ratings points only for a RULES OF PLAY disqualification which leaves them in a placement position. (For example: if players A and B are fighting for the third and fourth place and player A is disqualified for excessive contact, then player A is awarded fourth place and thus receives fourth place points.). Players disqualified for unsportsmanlike conduct or malicious contact leaves them without any positioning, awards and rating points (Also see IV/B/1-2).

( ) **7. SCORING ERROR** - If flip cards or an electronic scoreboard are being used, then the Scorekeeper using that equipment takes precedence for the official score over the Scorekeeper recording on cards or charts.

( ) **8. DETERMINING THE WINNER** - The last remaining player not to have lost a match will be declared the winner.

SG ONLY

**DETERMINING THE WINNER** - The last two remaining players of each division will advance to the Super Grands Grand Finale to determine the World Champion. At least one player advancing to the Grand Finale must have loss. If the scorekeeper fails to run the division down so that at least one player has a loss then it will be the players responsibility to remind the scorekeeper that they must do such. If the players advance to the Grand Finale without either having a loss then a single match in the Grand Finale will determine the winner despite the fact that neither player will have had two losses. (See APPENDIX O and P)

SG ONLY

( ) **9. DOUBLE ELIMINATIONS** - All seeded players must lose twice to be

AM ONLY

eliminated. (See APPENDIX O and P).

**DOUBLE ELIMINATIONS** - The final contest between the last two remaining players in each division will be a double elimination where the first player to win twice will become the first place winner (Either two or three matches must be run with these same two players).

## G. AWARDING POINTS AND PENALTIES

( ) **1. PROCEDURE** - Any Judge seeing a point scored or penalty executed will yell "stop" or "break". A Center Referee should use a short blow of the whistle to "stop" a match. At that time, both players will stand with toes on their respective starting lines. The Center Referee will call for the Judges' vote.

( ) **2. VOTING** - The Center Referee will call for the Judges to vote with the Judges indicating both a point and penalty vote simultaneously.

( ) **3. AWARDING POINTS** - A Judge will vote by pointing towards a player's side of the ring and upwards to indicate his/her vote for a player's point. The Judge will indicate (by fingers) the amount of points to be awarded for a point call (Two (2) and three (3) point kick option only). Three (3) or two (2) point calls can be used as a lesser point call to award points [example: Calls from three (3) Judges (with five (5) Judges being used) with one giving a three (3) point call, one giving a two (2) point call and another giving a two (2) point call, will give the player two (2) points] because three (3) Judges (a majority) called for at least two (2) points]. One (1) point calls cannot be used to award two (2) points, or three (3) points and, two (2) point calls cannot be used to award three (3) points.

( ) **4. AWARDING PENALTY POINTS** - Simultaneously when the Center Referee calls for the vote, a Judge should make any penalty point calls against a player or both players, by pointing towards that player's side of the ring and downwards. The Center Referee may also call for a penalty point vote separate from a point call.

( ) **5. AWARDING OF BOTH A POINT AND A PENALTY** - A Judge cannot give one player both a point and penalty call. If the Judge feels that a player has scored both a point and a penalty point, then the penalty point should override his/her decision, despite which was scored first. A Judge may, however, vote to give a point(s) to one player and a penalty against the other player, thus with enough verification one player may receive two possibilities to score at the same time. A Judge can also give both players a penalty or both players a point call.

( ) **6. MOTIONS FOR DISQUALIFICATION** - A Judge will vote using the same procedural disqualifications as for a penalty except that he/she will make a circling motion with the downward pointing arm. A vote for a disqualification is also a penalty vote.

( ) **7. AWARDING NO POINT OR PENALTY**

- If no Judge stops the match for any point or penalty, then the match will continue.

When the Center Referee calls for a point or a penalty:

- A Judge may cover his/her eyes if he/she was unable to see.
- A Judge may make a motion as if hitting his fists (or tips of flags) together if all he/she saw was a clash. (A clash does not mean simultaneous points - that is a point call.)
- A Judge may stand with wrists crossed if he/she feels that he/she saw nothing to be voted upon.

( ) **8. AMOUNT OF VOTES NEEDED FOR A POINT, PENALTY POINT OR DISQUALIFICATION :**

- A majority vote by the Judges is needed to award a point.
- A majority vote by the Judges (or in some cases, only by the Center Referee) is needed to award a penalty.
- A majority vote by the Judges (or in some cases, only by the Center Referee) is needed to disqualify a player.

( ) **9. DETERMINING THE FINAL SCORE** - A player's final score will be determined by adding all points and the penalty points together for the entire match.

( ) **10. SCORING ERROR / PLACEMENT** - If the scores or sequential placement of winners is protested before the performance of the first player of the next division and if any error is found to be correct, then the scores or placement shall be corrected and all players shall be given the proper ratings points. Players must exchange awards to coincide with the proper scores.

( ) **11. ADMITTED JUDGING ERROR** - A Judge who admits to making an incorrect vote may change that vote before the next division is started.

( ) **12. LEAVING RING BEFORE SCORING** - A player must be available and willing to receive his/her points and penalties upon the calling of such and remain in the ring to continue the match after such call is given.

( ) **PENALTY** - A player leaving the ring area before or after the Judges' awarding of points or penalties will have one (1) penalty point awarded to the opponent by the Center Referee (unless they have been refused access to get the Rules Arbitrator or because of medical purposes with the medical personnel's approval.)

( ) **13. POINTING SUPERCEDES FLAG COLOR** - Any device (flags, etc.) used to denote any points or penalties will not take precedence over the side of the ring that is pointed to by the Judge to denote any call.

NBL

( ) **FLAG USAGE** - Flags and/or other devices used to denote any points or penalties by Judges are not allowed to be used.

## H. DOWNED OPPONENTS

- ( ) 2. **SCORING** - Either player will have three (3) seconds to score when one player has been downed or drops to the floor.
- ( ) 3. **FALLING TO AVOID FIGHTING** - A player cannot fall to the floor to avoid fighting.
- ( ) **PENALTY** - A player falling to the floor to avoid play will, at the discretion of the Center Referee, have one (1) penalty point awarded to his opponent for each and every infraction.
- ( ) 4. **KICKS TO HEAD** - If a player is downed, then kicks or kicking motions to his head are illegal.
- ( ) **PENALTY** - A player kicking or making kicking motions to the head of a downed player will, at the discretion of the Center Referee, have a penalty point awarded to his opponent for each and every infraction.

- ( ) 1. **TIES** - A tie will be broken by "sudden death" overtime; meaning the first player to score after the playing time has elapsed will become the winner.
- ( ) 2. **RUN OFFS** - Third and fourth place will be run off. Fifth through eighth places will not.
- ( ) 3. **SHARING A WIN** - Players are not allowed to share a tied position nor shall an arbitrator assign a duel win for any placement. Only one person (or team) can hold anyone place first through fourth.

- ( ) 2. **PLAYER NOT ALLOWED TO CONTINUE** - The Center Referee and/or the tournament medical personnel may not let a player continue whom they deem as injured.
- ( ) **PENALTY** - If a player is not allowed to continue due to an injury inflicted by his opponent, the opponent will be disqualified by the Center Referee or Arbitrator for that match and the player (victim) declared the winner. If the opponent is disqualified for causing the injury and the player for the injury itself, then this player disqualified due to injury will be awarded the win, but will be entered as the loser in the next round of match-ups if he is still not allowed to continue at that time.
- ( ) 2. **PLAYER NOT ALLOWED TO CONTINUE** - if a player who has no losses executes a technique that awards him a disqualification (or in other words - his first loss) and if his opponent isn't allowed to continue by the medic or Center Referee due to the injury caused by the technique executed by the player, then the opponent who is injured shall be declared the winner even though the player will only have one loss.
- ( ) 3. **BOW OUT DUE TO INJURY** - A player not wanting to continue because of injury but who is still allowed to continue, may disqualify him/herself and be declared the loser of the match.
